

Axians Ticket App

Handling of delivery documents made easy

FAST – SAFE – LESS EFFORTS – PAPERLESS

Delivery document creation and distribution

Direct electronic delivery documents on the road

Electronic delivery info for unloading

How it works:

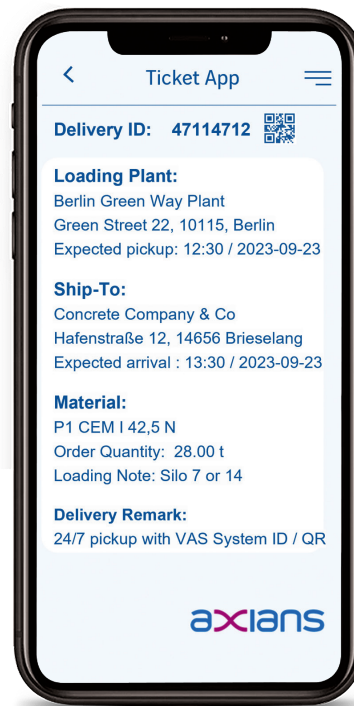

- ▶ Import of electronic delivery data by online connection to a Yard Management System or just scan a related QR Code > Ticket App shows all delivery data and the PDF ticket
- ▶ List of all relevant deliveries (depending on user role) with search function
- ▶ Safe and controlled access with role-based login and user rights
- ▶ Comfortable QR Scan&Go functionality, even without login > opens directly delivery ticket

Get delivery info without any efforts
