VAS

VAS Mobile App

Handling of delivery documents made easy

REDUCE YOUR CARBON FOOTPRINT

FAST - SAFE - LESS EFFORTS - PAPERLESS

No more printout of delivery documents!
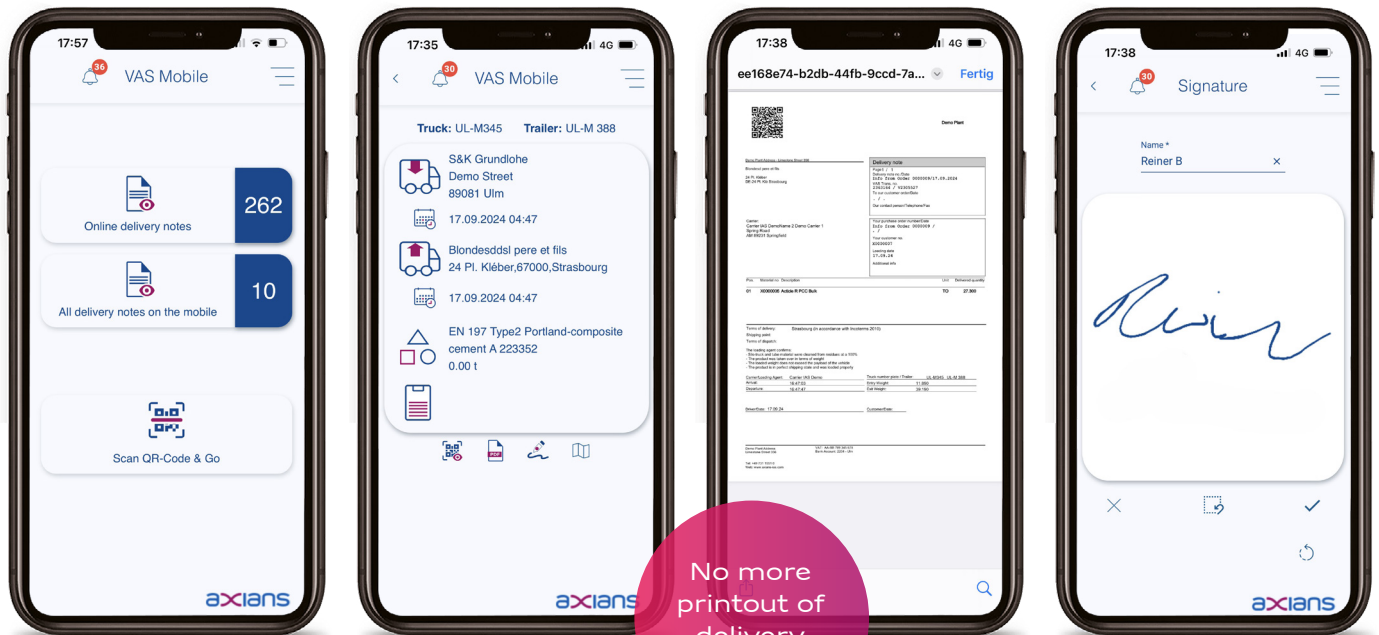

Delivery document creation and distribution

Direct electronic delivery documents on the road

**Electronic delivery info for unloading**

How it works:

▶ Import of electronic delivery data by online connection to a Yard Management System or just scan a related QR Code > VAS Mobile App shows all delivery data and the PDF ticket

▶ List of all relevant deliveries (depending on user role) with search function

▶ Safe and controlled access with role-based login and user rights

▶ Comfortable QR Scan&Go functionality, even without login > opens directly delivery ticket

axians

Get delivery info without any efforts

Automatic and electronic supply to all involved parties

The facts about VAS Mobile App:

▶ Mobile app for Android and iPhone, available in the App Store Multilingual

▶ Perfect match with Axians VAS Yard Management and Axians VAS Cloud logistic platform

▶ Electric Proof of Delivery function (ePoD) included

▶ Customer-specific adaptions available on demand

▶ Easy integration to your existing IT environment due to standardized interfaces (open API)
